Advantages

Evolis High Trust® original color ribbons have been designed to produce the very best image quality with Evolis card printing systems.

You can use our YMCKO ribbon for every single or double-sided colour printing. In addition to the standard colors (Yellow, Magenta, Cyan and Black), YMCKO ribbons apply a protective varnish onto your cards, to retain a high quality of image despite its frequent use. Printed cards can, therefore, be used for up to 3 years.
