

The Smarter Choice for

LABEL PRINTERS

TSC 鼎翰科技股份有限公司

THE SMARTER CHOICE

TSC Auto ID Technology is an emerging leader in the production of innovative, competitively priced thermal barcode printers offering one of the most extensive portfolios of desktop and industrial label printers in the AIDC industry. Our product lines range from budget-friendly entry-level printers to high-performance platforms and portable, mobile-labeling devices. Our ISO9001-certified label printers are known for their rugged, dependable construction and ease of use and are backed by an industry-best two-year limited warranty – signature features that have made our world-class products “The Smarter Choice” for hundreds of thousands of satisfied customers around the world.

Achievements

- Installation of more than 3 million barcode printers worldwide
- Top-10 global barcode printer manufacturer
- More than 20 years of history, purely focused on developing rugged, reliable, and affordably priced printers

Strengths

- The best price-performance value in the marketplace.
- An industry-best two-year warranty on all of our barcode printers, which is a testimony to the durable design and construction of our products.
- TSPL-EZ firmware and accompanying DiagTool software make it very easy to set up a new printer. TSPL-EZ’s emulation of the ZPL™ and EPL2™ printer languages “right out of the box” simplifies the replacement of aging printers with affordable, durable TSC printers.
- Offers resellers and end-users top-of-the-line support from a can-do engineering and sales-support organization.
- Unlike TSC’s competitors, TSC operates its own manufacturing facilities, which gives it the flexibility to meet special engineering challenges that outsourced operations simply can’t handle.
- Dedication to new product development provides resellers with a growing selection of innovative solutions designed to meet all their thermal-label printing needs.

Awards & Certificates

- 2010 - Deloitte Technology Fast500™ Asia-Pacific award
- 2011 - One of Forbes Asia’s 200 Best Under A Billion company
- 2012 - Certificate of Corporate Governance System CG6006
- 2012 - Taiwan Excellence Award for the TTP-225 thermal transfer printer
- 2012 - One of Forbes Asia’s 200 Best Under A Billion company
- 2013 - Taiwan Excellence Award for the ME240 Series thermal transfer printer

High-performance signage solutions you can identify with: TSC offers a selection of versatile barcode printers that is perfectly tailored for a wide variety of signage applications – everything from compliance labeling, brand marketing and warning signs to drum labeling and rack storage signs for inventory control.

Boost the efficiency of your transportation operations: Whether you're tracking freight, providing passenger services, or printing tickets, receipts or baggage tags, TSC barcode solutions help you increase the efficiency and performance of your transportation operations. For freight tracking, we offer a complete range of industrial-duty and mobile printers that will boost the efficiency of your shipping, receiving and yard-management operations.

Maximize the efficiency and revenue of your postal operations: With the help of TSC barcode printers, postal and parcel services can keep their manual handling of packages and letters to a minimum, resulting in significant labor savings and preventing mis-sorts that frequently occur with less accurate character-recognition systems. With barcode labels, you can ensure that mail is identified accurately as it transits through sorting and delivery.

Streamline your supply-chain logistics: From item marking and pallet labeling to inventory control and distribution, TSC Auto-ID logistics solutions will help you track goods throughout the supply chain. Using our barcode solutions, you can accurately identify inventory throughout your storage, handling, and distribution processes.

Barcode solutions for end-to-end traceability and quality control: Whether you're tracking materials on the assembly line or through the supply chain, TSC barcode solutions ensure precise end-to-end identification, resulting in improved quality control and significant cost savings. Quickly access the information you need for materials management, work-in-process tracking, quality control and product identification with high-performance industrial printers that are designed to operate in harsh factory environments and in cramped work areas.

Maximize returns on your retail operations: TSC offers a line of barcode printers that are ideally suited for retail applications, including point-of-sale, shelf labeling, product marking and price-tag printing. Our products are designed with one purpose in mind: to help you run your store faster and more efficiently, while boosting employee productivity, increasing margins through lower costs, and delivering top notch customer service.

Improve your healthcare delivery system: In hospital settings, protecting patient safety is paramount. With TSC label printers, you can quickly produce wristbands, tags and on-demand labels to monitor ongoing patient treatment, including tests performed and medications administered. Our label printers also let you keep a close eye on supplies, kits, equipment, and other materials to prevent losses and maintain adequate supply levels at hospital stocking locations.

Modernize and streamline your agency operations: Using our desktop and mobile printers, you can improve security and traffic enforcement, keep better track of evidence, and modernize record-keeping functions, saving time and money. Our barcode printers will help you improve accuracy when issuing permits, licenses or traffic citations. They also provide you with a reliable desktop platform for creating secure IDs for better building security.

Affordable high-performance solutions for the entertainment industry: Loaded with standard features, our line of printers is ideal for creating admission tickets, loyalty cards, VIP passes, meal tickets, coupons, event wristbands, shuttle bus tickets, and other entertainment-related media. Because they are small enough to set up and operate in cramped counter areas, TSC printers are the perfect ticketing solution for movie theaters, theme parks, carnivals, sports events, racetracks, nightclubs, concerts, museums and other venues.

TSC INDUSTRIAL LABEL PRINTERS: THE STRONGER CHOICE

For Unbeatable Price-performance, Unsurpassed Durability

Whether you're tracking materials on the assembly line or through the supply chain, TSC industrial label printers ensure precise end-to-end identification, resulting in improved quality control and significant cost savings. Built to last, our industrial printers feature a heavy-duty steel enclosure and internal assembly designed for extended high-volume use in industrial environments. They are rugged, dependable and designed to operate in cramped work areas where space is at a premium.

With their unbeatable price-performance and reputation for durability, our printers have become popular around the world for hundreds of thousands of customers who realize that TSC is truly "The Smarter Choice" for their industrial labeling needs.

THERMAL TRANSFER INDUSTRIAL PRINTERS

- ME240 SERIES – BEST VALUE INDUSTRIAL THERMAL TRANSFER PRINTER AVAILABLE.** Features a small footprint and low profile design that fits where larger industrial printers do not. The all-metal construction and die-cast aluminum print mechanism is durable enough to withstand the toughest production environments without breaking your budget.

KEY FEATURES

- 2-button 3-LED (basic model)/ 6-button LCD (advanced model) control panel
- 450 meter ribbon capacity
- Die-cast print mechanism for custom applications

Model	Resolution	Max. Print Width	Max. Print Length	Max. Print Speed	Dimensions (W x H x D)	Weight
ME240	203 DPI	4.09"	90"	6 IPS	286 mm x 259 mm x 434 mm	11 kg
ME340	300 DPI	4.09"	40"	4 IPS	11.26" x 10.20" x 17.09"	

- TTP-2410M PRO SERIES – BEST IN CLASS HIGH SPEED INDUSTRIAL THERMAL TRANSFER PRINTER.** Built on a fully die-cast aluminum frame designed to deliver your mission-critical tags and labels 24 hours per day. Choose from five models to match the speed, resolution, and communications tailored to your application needs.

KEY FEATURES

- Ethernet, USB 2.0, serial and parallel connectivity are standard.
- Heavy duty die-cast aluminum design
- Large LCD display with 6-button menus
- Up to 305 mm (12") per sec. print speed

Model	Resolution	Max. Print Width	Max. Print Length	Max. Print Speed	Dimensions (W x H x D)	Weight
TTP-2410M PRO	203 DPI	4.09"	160"	12 IPS	270 mm x 308 mm x 505 mm 10.63" x 12.13" x 19.88"	15 kg

TTP-644M PRO	600 DPI	4.09"	40"	4 IPS		
TTP-246M PRO	203 DPI	4.25"	90"	8 IPS		
TTP-344M PRO	300 DPI	4.09"	40"	6 IPS		

- MX240 SERIES – STRONG PERFORMANCE FOR MISSION CRITICAL LABEL PRINTING.** Ruggedly built for high volume to handle 24x7 tough mission-critical applications with 600-meter ribbons capacity, standard multiple connectivity interfaces including two USB hosts for keyboards, scanners and scales support. Providing large space for memory storage and best print quality (3 mm height label printing).

KEY FEATURES

- Heavy duty die-cast aluminum design
- Fast 536 Mhz processor
- 4.3" color LCD with 6-button menus and touch panel operation
- Up to 356 mm (14") per sec. print speed

Model	Resolution	Max. Print Width	Max. Print Length	Max. Print Speed	Dimensions (W x H x D)	Weight
MX240	203 DPI	4.09"	1,000"	14 IPS	300 mm x 393 mm x 510 mm 11.81" x 15.47" x 20.08"	18 kg
MX340	300 DPI	4.09"	450"	12 IPS		
MX640	600 DPI	4.09"	100"	6 IPS		

- TTP-268M SERIES – ECONOMICAL RELIABLE WIDE WEB THERMAL TRANSFER PRINTER.** Your answer for 6 inch wide format compliance labels, product identification labels, and pallet shipping/receiving labels.

KEY FEATURES

- High quality die cast aluminum design
- Ethernet, USB 2.0, serial and parallel connectivity are standard
- PS/2 keyboard interface for stand-alone or data entry at print site

Model	Resolution	Max. Print Width	Max. Print Length	Max. Print Speed	Dimensions (W x H x D)	Weight
TTP-268M	203 DPI	6.61"	580"	8 IPS	355 mm x 337 mm x 510 mm 13.98" x 13.27" x 20.08"	23 kg
TTP-366M	300 DPI	6.61"	260"	6 IPS		

- TTP-384M – WIDE-FORMAT THERMAL TRANSFER PRINTER.** Ideally suited for compliance labeling, brand marketing, inventory control, drum labeling, warning signs and a host of other signage solutions.

KEY FEATURES

- Die-cast chassis, sheet metal structure with clear media view window
- Can manage label widths up to 9.5" with a maximum print width up to 8.64" wide at 300 dpi high resolution
- 600 meter ribbon supply

Model	Resolution	Max. Print Width	Max. Print Length	Max. Print Speed	Dimensions (W x H x D)	Weight
TTP-384M	300 DPI	8.64"	200"	4 IPS	440 mm x 336 mm x 504 mm 17.32" x 13.23" x 19.84"	23 kg

TSC Desktop Label Printers:
**MORE FEATURES, MORE SPEED,
 HIGHER RELIABILITY**

If you're in the market for a desktop label printer that offers you more features and performance for the price, you'll quickly discover that TSC's products – from top to bottom – clearly outpace the competition. We offer a wide range of printers tailor-made for almost any desktop application – from patient ID bracelets, shelf labels and event wristbands to voter ID cards, and postal delivery labels. Our printers are loaded with standard features that our competitors often price as options – or don't offer at all. You'll enjoy the benefits of a printer that is not only rugged, dependable and economical, but also easy to set up, load and operate. Compare our printers with any other brand, and you'll discover what hundreds of thousands of others already have learned: TSC is clearly "The Smarter Choice" for a wide range of desktop labeling applications.

TDP-324	300 DPI	1.89"	40"	4 IPS		

- TDP-324W SERIES – DIRECT THERMAL WRISTBAND PRINTER.** The most cost effective, simple to use, solution for printing medical, government and entertainment wristbands.

KEY FEATURES

- Designed to hold 6.5" OD wristbands
- Front LCD display
- Ethernet and USB 2.0 connectivity

Model	Resolution	Max. Print Width	Max. Print Length	Max. Print Speed	Dimensions (W x H x D)	Weight
TDP-225W	203 DPI	2.05"	90"	5 IPS	109 mm x 210 mm x 260 mm 4.29" x 8.27" x 10.24"	1.2 kg
TDP-324W	300 DPI	1.89"	40"	4 IPS		

- TDP-244 – LOW COST DIRECT THERMAL DESKTOP SOLUTION.** Low cost entry level 4-inch-format direct thermal desktop printer delivers fast label throughput in a reliable double-wall clamshell design.

KEY FEATURES

- High quality double walled clamshell design
- Easy media loading
- 5" OD media capacity

Model	Resolution	Max. Print Width	Max. Print Length	Max. Print Speed	Dimensions (W x H x D)	Weight
TDP-244	203 DPI	4.25"	90"	4 IPS	200 mm x 164 mm x 240 mm 7.87" x 6.46" x 9.45"	1.9 kg

- TDP-247 SERIES – BEST-IN-CLASS DIRECT THERMAL DESKTOP PRINTER.** World class performance at a competitive price. The TDP-247 uses the best print heads, motors and power supplies in the industry to deliver the world's fastest, most reliable and long-lived direct thermal desktop printer.

KEY FEATURES

- Up to 177.8 mm (7") per second print speed
- Drop-in media loading
- 5" OD internal media supply, optional external media holder supports 8.4" OD label rolls on 1" or 3" cores

Model	Resolution	Max. Print Width	Max. Print Length	Max. Print Speed	Dimensions (W x H x D)	Weight
TDP-247	203 DPI	4.25"	90"	7 IPS	200 mm x 164 mm x 240 mm 7.87" x 6.46" x 9.45"	1.9 kg
TDP-345	300 DPI	4.17"	40"	5 IPS		

- **TTP-225 SERIES – 2 INCH THERMAL TRANSFER DESKTOP PRINTER.** Small space saving design uses industry standard ribbons and media.

KEY FEATURES

- Small size – space saving design
- Easy media loading
- Options include LCD display, keyboard, cutter, peel

Model	Resolution	Max. Print Width	Max. Print Length	Max. Print Speed	Dimensions (W x H x D)	Weight
TTP-225	203 DPI	2.13"	90"	5 IPS	140 mm x 177 mm x 241 mm 5.5" x 6.97" x 9.5"	2.45 kg
TTP-323	300 DPI	2.13"	40"	3 IPS		

- **TTP-243 PRO SERIES – 300 METER RIBBON THERMAL TRANSFER DESKTOP PRINTER.** TSC's original TTP-243 series desktop printers earned a reputation as the toughest, most durable printer in its class. The TTP-243 Pro Series incorporates the same features, plus brand-new state-of-the-art electronics, packing even more performance into an entry-level platform.

KEY FEATURES

- Dual-motor print engine
- Ribbon capacity up to 300 m (984 feet)
- Label capacity up to 214 mm (8.4") OD

Model	Resolution	Max. Print Width	Max. Print Length	Max. Print Speed	Dimensions (W x H x D)	Weight

» THERMAL TRANSFER DESKTOP PRINTERS

- TA210 SERIES – NEXT GENERATION VALUE LINE 300 METER RIBBON THERMAL TRANSFER DESKTOP.** TA210 series reinvents the definition of value for low cost desktop label printers. It features two durable gear-driven motors capable of handling large capacity 300 meter ribbons and large rolls of media inside its sleek design.

KEY FEATURES

- Dual-motor gear-driven design
- 5" OD internal media supply, with an optional external media holder supporting 8.4" OD label rolls on 3" cores
- Print mechanism for kiosk applications

Model	Resolution	Max. Print Width	Max. Print Length	Max. Print Speed	Dimensions (W x H x D)	Weight
TA210	203 DPI	4.25"	110"	5 IPS	224 mm x 186 mm x 294 mm	2.45 kg
TA310	300 DPI	4.09"	40"	4 IPS	8.82" x 7.32" x 11.57"	

- TTP-245C SERIES – THE HIGH-PERFORMANCE SMALL FOOTPRINT THERMAL TRANSFER DESKTOP.** Durable, reliable and fast, the TTP-245C generates 4-inch-wide labels, tags or receipts at fast speeds, offering a price-performance combination that is unmatched by other desktop thermal barcode printers on the market. Uses industry standard ribbons on half-inch notched cores.

KEY FEATURES

- 4 interfaces: Ethernet, USB, parallel, and serial
- Rugged double wall construction
- Use standard 0.5" notched core ribbons

Model	Resolution	Max. Print Width	Max. Print Length	Max. Print Speed	Dimensions (W x H x D)	Weight
TTP-245C	203 DPI	4.25"	90"	6 IPS	202 mm x 173 mm x 258 mm 7.95" x 6.81" x 10.16"	2.3 kg
TTP-343C	300 DPI	4.17"	40"	4 IPS		
TTP-244CE	203 DPI	4.25"	90"	4 IPS		

- TTP-247 SERIES – THE WORLD'S BEST THERMAL TRANSFER DESKTOP PRINTER.** Based on TSC's dual motor design featuring 300 meter ribbon capacity, the TTP-247 Series desktop label printers deliver industrial printer type of performance in a desktop printer package. We use the better print heads, motors and power supplies than anyone in our industry to deliver the worlds fastest, most reliable and long-lived thermal transfer desktop printer.

KEY FEATURES

- Uses 300 meter ribbons
- Dual-motor gear-driven design
- Up to 177.8 mm (7") per second print speed

Model	Resolution	Max. Print Width	Max. Print Length	Max. Print Speed	Dimensions (W x H x D)	Weight
TTP-247	203 DPI	4.25"	90"	7 IPS	213 mm x 188 mm x 314 mm 8.39" x 7.40" x 12.36"	2.8 kg
TTP-345	300 DPI	4.17"	40"	5 IPS		

- TX200 SERIES – HIGH PERFORMANCE FOR A NEW GENERATION.** The TX200 Series desktop label printers deliver industrial printer type of performance in a desktop printer package. TSC uses the better print heads, motors and power supplies than anyone in our industry to deliver the world's fastest, most reliable and long-lived thermal transfer desktop printer. With 203, 300 and 600 dpi resolutions available, the TX200 provides your solution for everything from high volume 4x6 shipping labels to the smallest high resolution electronic marking applications.

KEY FEATURES

- Large memory capacity – 128 MB Flash and 128 MB SDRAM
- Label capacity up to 127 mm (5") OD
- Up to 203 mm (8") per second print speed
- 3.5" color TFT Display (Standard for TX600, Optional for TX200 & TX300)
- USB host interface for stand-alone application

Model	Resolution	Max. Print Width	Max. Print Length	Max. Print Speed	Dimensions (W x H x D)	Weight

» TSC PORTABLE PRINTERS AND ACCESSORIES

PORTABLE PRINTERS

- ALPHA-3R – SIMPLIFY YOUR EVERYDAY MOBILE PRINTING NEEDS.** The Alpha-3R is a comfortable, light-weight printer capable of working with any mobile printing application where you need quick, simple receipts/selected labels on demand. Featuring one of the largest media capacities in its class, and a long-life rechargeable battery – you will spend more time working and less time on maintenance.

KEY FEATURES

- Large paper capacity to reduce the frequency of changing paper roll
- High-speed processor and extensive memory for fast print speeds of up to 4" (102 mm) per second
- Last more than 12 hours of printing receipts/selected labels on a single battery charge

Model	Resolution	Max. Print Width	Max. Print Length	Max. Print Speed	Dimensions (W x H x D)	Weight
ALPHA-3R	203 DPI	2.83"	90"	4 IPS	116 mm x 148 mm x 70 mm 4.57" x 5.83" x 2.75"	0.55 kg

- ALPHA-4L – RUGGED AND RELIABLE MOBILE LABEL PRINTING.** The Alpha-4L is designed to reliably deliver the mobile labeling and document printing applications you need in the most demanding environments. The printer features a large media cabinet and a long-life rechargeable battery to minimize downtime. With its optional case, the printer is IP54-rated to resist dust, water, and also can endure up to a 6 foot fall and continues to print.

KEY FEATURES

- Works with EPL, ZPL, CPCL, TSC Droid APP & SDK, WinCE Quick-link tool & SDK, iOS SDK
- Wired & wireless communication available: USB 2.0, RS-232, Bluetooth, and 802.11 b/g/n
- Linerless ready

Model	Resolution	Max. Print Width	Max. Print Length	Max. Print Speed	Dimensions (W x H x D)	Weight
ALPHA-4L	203 DPI	4.09"	90"	4 IPS	160 mm x 191.6 mm x 79 mm 6.30" x 7.54" x 3.11"	1.1 kg

ACCESSORIES

- KP-200 PLUS – KEYBOARD DISPLAY UNIT.** With the TSC KP-200 Plus keyboard, users can retrieve forms stored in a printer and enter variable data prior to printing labels.

KEY FEATURES

- Keyboard / terminal works with all TSC desktop and industrial to eliminate need for a computer
- Allows simple development of stand-alone printing applications
- Additional serial port for connection to scales or scanners

Model	Keyboard	LCD Display	Serial Interface	Dimensions (W x H x D)	Weight
KP-200 PLUS	68 Keys	20 characters x 2 lines	COM1: 9 pins, baud rate 9600 bps, male Dsub with cable	261 mm x 31 mm x 142 mm 10.28" x 1.22" x 5.59"	0.6 kg
			COM2: 9 pins, baud rate 4800 bps, female Dsub		

- KU-007 PLUS – PROGRAMMABLE SMART KEYBOARD.** The TSC KU-007 Plus programmable smart keyboard works as a small portable PC, enabling users to communicate with a wide variety of bar code printers, while conserving valuable work space.

KEY FEATURES

- Programmable keyboard can work with many different printers.
- Powerful programming language
- Password locking for security

Model	Keyboard	LCD Display	Memory	Firmware	Dimensions (W x H x D)	Weight
KU-007 PLUS	68 Keys	Graphic Type	2 MB Flash 256 KB SRAM	Built-in BASIC-like language	261 mm x 31 mm x 142 mm 10.28" x 1.22" x 5.59"	0.6 kg
